OUR STARS OF CONNELLSVILLE BASKETBALL TEAM ENROLL AS MEMBERS OF NEW COMPANY D

Bufano, Francis, Hume and Danner to Add C. H. S. "Pep" to That of Tenth.

IMULATES RECRUITING

Ad Assures Local Athletic Activity During the Season of 1920-1921, and Form New Features of Life in Co-School Authority Command Action.

We are happy to know that we can be associated with such an honorable command as Company D, Tenth Regiment, National Guard of Pennsylvania, and are looking forward to the 1920-1921 basketball season when we will uphold the glo of the "Fighting Tenth" to the best of our ability.

BUFANO,
FRANCIS,
HUME,
DANNER.

The foregoing is the form of assurance given by four star players of the Connellsburg High School basketball team, who have enlisted in Company D, Tenth Regiment, National Guard of Pennsylvania, and this form of sport will be given a larger importance in local circles during the 1920-21 season than has ever been known in Connellsburg. It seems, too, that athletes will form an interesting feature of life and recreation in Connellsburg, and of the most famous regiment of the 25th Division, by adding some C. H. S. "Pep" that of the "Fighting Tenth."

The enlistment of Bufano, Francis, Hume and Danner has not only stimulated the reorganization of Company D, and created a more lively interest in athletics, but the action of these young men has the hearty approval of the part high school students taking in the recruiting of Company D. Principal B. B. Smith said:

The Connellsburg High School has at all times been a big factor in the support of Company D and the Hospital Department of the Tenth Regiment and is proud of the magnificent record made by the boys who have volunteered their services in many of these organizations. Of the almost 900 names on the school's Honor Roll three are of boys who paid the full price of their devotion to country—Lloyd Shaw, Milton Bishop and Fred Daniels—whom the whole community honors.

I am glad to see the boys of the basket ball team and of the school generally taking an interest in the Company D that is now being reorganized. It shows that patriotism in the Connellsburg High School is not passing. The four members of the basketball team who have enlisted in Company D have figured prominently in athletic activities of the High School during the past two seasons. C. Bufano, aged 18, captain ofarsity team for 1919-20, resides at 19 West Greene street. His playing and generalship of the team in action with opposing lives have been followed with the keenest interest by all school fans and the supporters of high school athletics. His work on the basketball team of last season marked him as a player of almost a great quality on the oval as he has shown in the last two years.

C. H. Hume, 15, resides at East Connellsburg. He is an all-round athlete. He was placed on the All-American basketball team of Western Pennsylvania, season of 1918-19, at season he played forward with State High. During the latter part of the present season he was placed on the All-Scholastic team for section III, Western Pennsylvania again.

E. R. Francis, aged 20, 615 Park Street, developed much strength as a football player last season and as guard on the basket ball team has shown unusual merit. During the recent season he has played a hard, festive game at all times.

George F. Danner, who was the first member of the team to enlist in Company D, has been regarded as the star man of the Connellsburg High School team during the present season. In last season's foot ball games playing frequently gave favorable and sensational turn for the local team. The victories of the local team can be traced in a large measure to his dash, driving force and hard play.

He has been given honorable mention by the officials of the Western Pennsylvania Athletic League for his work as guard on the basketball team. Other members of the basketball team who have not yet enlisted in Company D, but are expected along with other students to form an important part of the membership, are: Herbert Ellis, 18, 502 York Avenue; Charles Harab, 19, 408 Washington Avenue; J. F. McGuire, 21, 524 Highland Avenue, member of Company G, Third Regiment, Pennsylvania Reserve Militia.

Orville Anderson, 18, South Prospect street, member of Company G, Third Regiment, Pennsylvania Reserve Militia.

In addition to Bufano, Francis and those who enlisted yesterday a number of names were reported to the company scouts who did not report at the armory last evening. The machine is being made in the West Side. It will be a biplane of 51 feet wing spread and with a 110 horsepower motor and capable of carrying two persons at a speed of 80 miles an hour.

Police Say Little Red Cards Will Be Used for Crime Violations.

With the coming of warmer weather and heavier traffic on the city streets, the police will again enforce the automobile parking ordinance.

The little red tags used to notify violators to appear before the mayor for a hearing will again be put into use.

Plane Nearing Completion.

The Windell Airplane company is planning to place the first of its planes on exhibition within 2 months. It was sold today. The machine is being made in the West Side. It will be a biplane of 51 feet wing spread and with a 110 horsepower motor and capable of carrying two persons at a speed of 80 miles an hour.

DETOMNO MURDER CASE GIVEN TO JURY AT NOON

Charge of Judge Van Swearigen Completed at 12:20 O'clock.

STIRRING PLEAS ARE MADE MEMBERSHIP GOAL FIXED

Whether Tony Detomno must answer for the killing of Motorman John J. Daugherty or go free rests with the jury. The charge of Judge J. Q. Van Swearigen, before whom the case was tried, was completed at 12:20 o'clock this afternoon.

No ruling was made from the jury room up to 3:15 o'clock.

Immediately after court convened for the day Attorney Davis W. Henderson of counsel for the prisoner began summing up for the defense. Stress was laid on the claim of Detomno that it was not he but a companion who fired the shot that killed the motorman in his car at Trotter heights of December 28. He invited attention to the testimony of the defendant that he did not possess a revolver and had nothing to do with the killing.

Speaking for the Commonwealth District Attorney William Augustus Miller emphasized the absolute identity of Detomno by Conductor E. J. Houck and other witnesses.

Tom Austin, colored, of Dawson, was found not guilty of pointing firearms and of assaulting agents in a skirmish returned before Judge J. C. Work. He was arrested by Peter Hanrahan, who is colored, of enticing his 12 year old grand daughter Dorothy Walker, and of drawing a revolver when the man went after the girl. The jury divided the costs in the pointing firearms case.

JAIL POPULATION IS LOWEST IN 20 YEARS

Interstate Record at Greensburg Attributed by Prison Attaches to the Passing of John Hartcorn.

Special to The Courier.

GREENSBURG, March 11.—Thirty-one men and women found that the way of the transgressor was hard and landed in the Westmoreland county jail here during the month of January.

This is the smallest number of commitments handled by the attaches of the county jail during any month of the past 20 years. Warden J. M. Keating, who permitted jail records to be inspected for purposes of comparison, is inclined to voice the judgment of some hundreds of other people, and give the enforcement of the 18th prohibition amendment the credit.

A review of commitment records for 1919 reveals 193 as the maximum number of prisoners received at the jail during the month of January in any one year.

The contrast between 1920 and 1919 is almost as great. Thirty-one prisoners were committed during January of this year, 151 during January, 1919.

During February, 1920, 33 prisoners were committed and during the same month last year 104.

Yearly totals are interesting. At the rate the year 1920 has begun the total will be scarcely more than 360 prisoners for the year. The total prisoners in the county jail for 1919 numbered 1,093; for 1918, 1,210, and for 1917, 1,435. If the present ratio is continued, commitment to the county prison this year will be only one-fourth as many as the jail commitments during the year 1917.

MISS FLORENCE E. GOLDSMITH
WEDS LESTER BEINSTEIN

A wedding of social prominence is that of Miss Florence E. Goldsmith, daughter of Henry Goldsmith of West Crawford avenue, and Lester Bernstein of North Wales, Montgomery county, solemnized today at noon in New York City. Dr. David Saville, Minister, assisted by Dr. Fein, officiated. The bride wore a smartly tailored suit of navy blue brocaded with black lace straw, trimmed with incised quills, and a corsage of Richmond roses. The bride is one of Connellsville's most widely known and talented young women. She was educated in the city public schools and Washington seminary at Washington, Pa., later specializing in music methods for the instruction of children studying in Boston, Mass., and New York. She is well known a musical circle in Western Pennsylvania, having written numerous musical compositions, among them being "The Pilot of Tadoussac," an operetta produced in Connellsville, Uniontown and Pittsburgh, also piano compositions, including a number of selections for children. Mr. Bernstein is located in Pittsburgh, where he is on the staff of W. Thompson, president of the Philadelphia company, and former vice-president of the Baltimore & Ohio railroad. He was graduated from Lehigh University with high honors, and is a member of the Phi Beta Kappa and Tau Beta Pi fraternities. He is known in Connellsville, having at one time been field engineer in charge of the Baltimore & Ohio Improvements in this vicinity, among which was the construction of a second track from Greene Junction to Edgewood. During the war he was operating station wagon under the regional director of Eastern Railroads, United States Railroad Administration, in New York City. Following an extended honeymoon trip to the south, Mr. and Mrs. Bernstein will be home in Pittsburgh. Last evening a pretty appointed 6 o'clock dinner was given at the Goldsmith residence in West Crawford avenue in honor of Mr. Bernstein and his bride.

Delightful Leap Year Dance.

Charming appointments prevailed at a delightful dance given last night in MacCabe hall by the J. C. C. club,

composed of well known young women of the city. The decorations were unusually attractive, heads and kewpies being artistically strung about the hall. The lights were capped with vivid red shades, adding brilliancy to the scene. The dance was one of the most enjoyable social functions of the season and was attended by many guests including quite a number from our own town. Music was furnished by Kifer's orchestra. Refreshments were served. The patrons were Mrs. Leon Kinsbursky, Mrs. J. Davis, Mrs. Sol Goldstone, Mrs. William Goldstone, Mrs. Mrs. L. Elpern and Mrs. M. Silverman, Mrs. L. Elpern and Mrs. L. Daniels, Misses Lillian Melnick, Legion Fetherman, Helle Levy, Anna Doty, Ruth Norberg, Rosella Herzberg and Sadie Goldstone composed the committee in charge of the dance. About seventy-five couples attended. Among the out of town guests were Miss Harriet Oppenheimer, Miss Gertrude Kaufmann, Miss Little Fisher, Harry Goldman, Joseph Kanner and Julius Levy, all of Pittsburgh; Harry Moskowitz, Dr. Arnold Herman Weiss, Miss Mabel Levy, Miss Anna Markowitz, all of Bryn Mawr; Arthur Miller, Ernest and Leon Morse all of Scotlandale; Jack Deitz, Greensburg; Miss Alice Levine and Ben Levine, Mount Pleasant; Richard Lowery, Sharon; Miss Bess DeLynn, Morgantown, W. Va.; Misses Gerrard, and Lee Baker and Nathan Baker of Clarksburg, W. Va., and Morris Grodznik of Tulsa, Okla.

Triumph of an Ideal

As the graceful yacht glides across the line a winner, the designer reaps his reward for the long days and months of time, care and experience devoted to the thing of wood, steel and cloth.

Every line has been made to spell speed, every bolt to withstand greatest stress, every yard of canvas to give greatest power.

Absolute and faithful devotion to his ideal gave its just reward—victory—and such is the story of our long search for this perfect blend.

An Incentive to Save

As the prices of goods and materials advanced bond prices declined. It is believed that the cost of living has reached its peak and consequently it would seem wise to buy high yielding bonds, as both principal and income should increase in value with the gradual return of more normal living costs.

THURSDAY EVE'G, MAR. 11, 1920.

THE FEDERAL TRADE COMMISSION
AND ITS POWERS.

The action taken by an Ohio coal company to have the courts determine how far the Federal Trade Commission can go in requiring private industrial corporations to furnish detailed information of their business, will create very lively interest among fuel producers in the Connellsville region as well as elsewhere.

That some of the coke companies have shamed under the burdens imposed upon them by this body is beyond question. Having been required to change their accounting system to conform to the commission's standard has been both expensive and laborious, but that itself has been less objectionable than the preparation of an almost endless series of reports covering costs of production, income, financial condition and other information heretofore regarded as of a strictly confidential character.

Has it been made plain what pur-

poses this information is to be made to serve, or had evidence been forth-

coming to show that any advantage

this group or was to be derived from

the trade, or had not the sus-

picion arisen that the information has

been used to the distinct disadvantage

of the industry, or at times applied to

ir proper purposes, there would have

been less general complaint concern-

ing the demands of the commission.

But so far as fuel producers have

been aware no substantial or worth-

while results have followed from

compliance with the multiplied de-

mands for statistics. True, an army

of clerks has been provided with

quarters in Washington at an enor-

mous cost to the taxpayers, which

the creation of this inquisitorial body

and the constant exercise of its

reputed powers, but coal producers

have not suffered any benefit

therefrom. These have been front-

line items extended by Congress; and

by order of the President the collec-

tion of coal cost statistics has been

transferred to the Fuel Administra-

tion by the order of the President.

This action will bring the whole

question of the commission's power

squarely before the courts. The issue

involved is of very great importance

to industrial corporations in general,

not alone because the operations of

the commission have been held to

have violated the rights and privileges

of private corporations insolvent

due to compelling them to reveal

information of a purely confidential

character, but because it has trans-

ferred the bounds of reason in

broadening the scope of its inquisi-

tions and laid upon industry a burden

for which there are absolutely no

compensating advantages.

An answer to Admiral Sims' specula-

tions of incompetency and lack of

cooperation by the Navy Department

in the war will have to be given a

more substantial form than a broadside

of denials by Secretary Daniels.

Tenth Regiment "Pops" crushed the

pride of the Spanish at Malate, put

Admiral Sims out of the insurrection busi-

ness and chased the Huns across the

Marne and out of the "Impregnable"

Ardennes forest. The same spirit is

putting the reorganization of Conn

nellsville over the top.

It took Senator Bloch's little vote

to block the game of the West Virginia

Democrats to defeat suffrage for the

women of the "Mountain" state.

About this time, says the almanac,

the maker of the "first garden" can

be expected to make a noise in the

back yard.

Many claim have been advanced as

to who won the war, but it has been

reserved to Admiral Sims to tell us

with a sailor's bluntness that Secretary

Daniels prevented the struggle being

ended four months before the Huns

said "Enough."

The building program of the Ban-

ks will not be limited by the high

cost of labor and materials, and

instrumentalities to be used for

being commodities that can be bought

or sold, except at the Great Price,

which has been paid for all churches.

Paint Up! will mean more to prop-

erty owners than a mere slogan for

spring cleaning this season.

Superintendent Handlips' pronostic-

ation is more accurate than men who

make good in Connellsville are always

to be depended to make good else-

where.

The topics to be discussed by the

Woman's Culture Club suggest the

possibility that its sessions are much

more edifying than those of the

Senate.

Don't flush your kidneys with harsh medicines, says Dr. Carey, they are too fragile and delicately constructed to treat them rough.

For 40 years I have been prescribing Marsaroot for kidney and bladder disease and now, having retired from medical practice, I have made arrangements with leading druggists to disseminate this wonderful prescription at a moderate price.

Beware of kidney disease, thousands die if every year we ought to be enjoying the blessings of life and health.

If you have specks floating about the eyes, puffy ankles, clammy feet or moist palms, backache or side-aches you ought to get a bottle of Dr. Carey's Marsaroot.

It has cured thousands of cases of kidney and bladder disease and the medicine you can always depend upon.

IMPORTANT—Dr. Daniel G. Carey has been a practicing physician for many years and his special prescription "Marsaroot" has cured thousands of sufferers from kidney and bladder troubles. It is not a patent medicine and is only sold through drug stores in order to accommodate his patients. C. H. Hetzel can supply you. —Adv.

**Clean Up Poison
Soaked Kidneys
Advises Dr. Carey**

**Thousands Die Every Year Because
They Allow Poison Deposits
to Accumulate in
Kidneys.**

Don't flush your kidneys with harsh medicines, says Dr. Carey, they are too fragile and delicately constructed to treat them rough.

For 40 years I have been prescribing Marsaroot for kidney and bladder disease and now, having retired from medical practice, I have made arrangements with leading druggists to disseminate this wonderful prescription at a moderate price.

Beware of kidney disease, thousands die if every year we ought to be enjoying the blessings of life and health.

If you have specks floating about the eyes, puffy ankles, clammy feet or moist palms, backache or side-aches you ought to get a bottle of Dr. Carey's Marsaroot.

It has cured thousands of cases of kidney and bladder disease and the medicine you can always depend upon.

IMPORTANT—Dr. Daniel G. Carey has been a practicing physician for many years and his special prescription "Marsaroot" has cured thousands of sufferers from kidney and bladder troubles. It is not a patent medicine and is only sold through drug stores in order to accommodate his patients. C. H. Hetzel can supply you. —Adv.

Foley's Honey and Tar checks harsh, rattling coughs; eases wheezy breathing; stops tickling in throat; covers raw, irritated surfaces with a soothing, healing coating. Sold everywhere. —Adv.

Visit the Easter Bunny's Home

(Second Floor Crawford Avenue Store)

Here Peter Rabbit and the Little Duckling Peep peers and all the other tiny folks are holding an Easter Reunion and never were so many quaint animal friends of song and story nor such quantities of sugar eggs ever found in a Connellsville Rabbit's nest before.

Here are all the books about these winning creatures and let them be the soft toys which will make Easter morning truly memorable for any boy or girl who finds, after the Bunny's music box visit—just what good children will want for themselves for their cousins and for their friends.

When Hunting Bunny Nests

One should wear of course one's newest clothes

If there's a dark closet to be explored or picture piled in Dad's chair nothing could be better than a frock of gay pink gingham or bright colored chambry. One could carry the eggs so safely in a gingham skirt.

But, if there's a chance the Bunny made his nest under the rose bushes or tucked it away in the tulip bed, why then children should wear their Easter hats and coats—and no forget their overshoes.

EVEN BABY DEAR MAY CELEBRATE in the exquisite dresses, silver booties, crisp organza bonnets and coats and capes which are so near the Bunny Hutch on the second floor.

ANDERSON-LOUCKS HARDWARE STORE

Come and learn many things that are worth while in the art and science of Roasting, Baking, Stewing, Steaming, Boiling, Frying, Etc., from Miss Perkins who is a Domestic Science EXPERT.

PICTURE yourself preparing food the way you like it best and when you have this done a fair cook appears who says, "Now here is the test to me. Will it tend to the food while I am cooking? I will set to it that it is cooked the way you want it. Roasted, baked, steamed, sauced or boiled perfectly. You will not have to come into the kitchen once to taste or stir the food. You will not have to worry for fear that it will scorch, burn, dry up or overcook. You time is your own; you can do with it as you please and when the family is ready to eat there will be ready to serve the most delicious food that has ever been brought to your table."

A Domestic Science fireless cook stove is the realization of all this.

Everybody Is Welcome
